Wall Street in One Week

Want to pick winning stocks and manage high-dollar portfolios? Come to TCU for this unique one-week summer program for high achieving high school seniors.

You’ll spend six days on campus at TCU, living in the residence halls and learning in classrooms from finance professors at the TCU Neeley School of Business. Learn to analyze industry and company information, value a company’s stock and manage a $100,000 virtual portfolio.

What Do You Get?

$$$ (at least virtually)

At the end of the week, you’ll walk away with a $100,000 virtual portfolio to manage over the next eight months. Then you’ll report back at a banquet in the spring, telling your classmates and professors which stocks you bought, which you kept, which you traded, and whether your choices led to success... or not.

College Credit

If you attend TCU for your first year, your TCU High School Investor Challenge® experience may qualify for a Finance Seminar credit.
