Instructions for the Financial Statement Form (next page)

Texas Christian University requires confirmation of financial resources from all applicants who are not United States citizens or who are not U.S. permanent residents. These Financial Statements must be on file in the Office of International Student Services before the required U.S. entry document is issued.

- The applicant must complete Part 1 and sign it. If self-sponsored, the applicant should write "self" as the name of the sponsor and sign and date Part 2.
- The sponsor must sign and date Part 2. If the student is sponsored by an agency or government, such sponsorship must be verified by an attached official statement to that effect. The original document must be on file at TCU.
- If a student has more than one sponsor, the student and each sponsor must complete a separate form and indicate the amount of support in Part 2.
- An official of the sponsor's bank or other financial institution must either complete, sign, and affix the institution's official seal or stamp to Part 3 or provide a separate statement on the institution's letterhead indicating that based on the records of the sponsor named, the sponsor should be able to meet the expenses as noted above. A self-sponsored student must provide copies of all bank statements received during the past year, including the current balance, which must be sufficient to cover all expenses for the student's entire educational program.
