

GOAL 4:

Ensure student success, satisfaction and fulfillment.

Student success, satisfaction and fulfillment fuel our passion for this work.

We'll achieve this goal in three ways:

Deliver a world-class, market-leading experiential education.

Expand student access to more “premier” educational experiences along with innovative program offerings.

Enhance our market-leading student experience, support systems and career outcomes.

Neeley School
of Business

The successful realization of Goal 4 will mean:

We will have a **stronger commitment to experiential learning**, making our graduates more effective leaders and problem solvers.

We will have **more students participating in “premier” learning opportunities**.

We will have a **more satisfied, fulfilled student** with the support they need to succeed.

We will **launch students grounded in ethical business practices** ready to lead globally.
