

Major in Finance with Real Estate

As a real estate professional, you are the bridge between people, property and prosperity.

If you are interested in mortgage lending, real estate development, appraisal or real estate management, consider this path for TCU finance majors. Learn to appraise and develop real estate and evaluate real estate investments. Plan, implement and analyze real estate finance instruments such as mortgage markets, credit analysis and real estate lending. Cultivate the skills to manage portfolios, perform risk analysis and study capital market trends as they relate to real estate principles, law, valuation and investment analysis.

What Sets Us Apart

Center for Real Estate

The DFW Metroplex is one of the foremost real estate hubs in the country, making TCU the perfect place to provide research, training and partnerships for real estate students and professionals. Networking, experiential learning opportunities and events put you in touch with dynamic, successful real estate professionals.

TCU Real Estate Club

Network with successful real estate professionals and tour major sites such as Globe Life Park, home of the Texas Rangers, and Dickies Arena.

Real Estate Career Fair

Put your best foot forward at career fairs held each semester at TCU. Learn about exciting career opportunities from employers and professionals.

Networking Opportunities

Network with professionals as student members of the Urban Land Institute, International Council of Shopping Centers, Society of Commercial Realtors and the Real Estate Council of Greater Fort Worth. Meet young alumni in the field. Participate in conferences and competitions.

Bryan and Susan Koop Speaker Series

Meet the best real estate professionals in the country. DFW real estate professionals, alumni and students gain insights from the most brilliant minds in the business at this prestigious event.
